# EXPO TALKS: GLOBAL GOALS

WHAT'S ON IN THE WORLD

# What's On in the World

Please note that all timings are GMT + 4, and subject to final confirmation

## Italy

*From the “circular connections” of its pavilion’s architecture to the international relations of its universities and the analysis on the challenges posed by the technological changes to the economy, Italy’s participation in Expo 2020 Dubai is marked by a commitment to make the sustainable developments a key element of the visitors’ journey and of dozens of events and initiatives of its partners. Internationally known architects, scientists, academics and experts offer a glimpse of how these themes will become major talking points at the Italy Pavilion during the six months of the Expo.*

### The Italian University Network for Sustainable Development for the Global Goals

#### **Patrizia Lombardi**

Deputy Rector of Politecnico di Torino, President of the Italian University Network for Sustainable Development – RUS

### Circular Connections: Bringing Nature Into the Built Environment - A Reflection on Design

#### **Carlo Ratti**

Co-Designer of the Italy Pavilion at Expo 2020 Dubai

### Enabling Sustainability Through a Multi-Stakeholder Engagement: The Experience of the Italian Alliance for Sustainable Development (ASviS)

#### **Giulio Loiacono**

Head of Transversal Activities at ASviS, the Italian Alliance for Sustainable Development

### The Space Technologies’ Challenge to Reconcile Necessities for the Planet’s Future: Sustainability and Development

#### **Luigi Pasquali**

Leonardo’s Space Activities Coordinator, and CEO of Telespazio CEO

### Working Together to Support a Just Transition

#### **Ana Patricio**

Sustainability & Stakeholders Coordinator, Eni Angola

Stream the sessions at **5:30pm on Wednesday, 10 March** via [this link](#).

## Sweden

### Hack for Earth Talks

*By digitally bringing Expo 2020 Dubai to all citizens of the world, Hack for Earth will make it possible for everyone to participate in creating the future our planet needs. In Hack for Earth Talks, viewers will get a closer insight to the hackathon and its core elements.*

Stream the session at **12:30pm** on **Thursday, 11 March** at [this link](#).

## Trinidad and Tobago

### Programme Highlights: Innovate to Export Seminar

*In this seminar, Professor Gerry C. Brooks sheds light on how UWI Ventures contributes to the nation's growth as a hub for innovation and entrepreneurship. This session also highlights Trinidad and Tobago as a strong competitor in the global market across various sectors.*

Watch the session at [this link](#).

### Global Goals: Addressing Gender-Based Violence

*Spoken word poet, teaching artist, and writer Alexandra Stewart encourages the use of spoken word poetry and other art forms to raise awareness, conceptualise solutions and inspire change, particularly in the case of gender-based violence.*

Watch the session at [this link](#).

### The Steel Pan Industry: Our Next Global Economy

*Denise L.J. Hernandez, Secretary of Pan Trinbago Inc., discusses the local regional and global forecast for the Steel Pan Industry of Trinidad and Tobago.*
